A Clearinghouse for Iowa Business Assistance

HELPING IOWA BUSINESSES
NAVIGATE THE SMALL BUSINESS PROCESS

The Iowa Department of Economic Development (IDED) has launched the Iowa Small Business Assistance Gateway, a new online resource aimed at helping small businesses find the assistance needed to start, manage and grow their business in Iowa.

The Gateway is:

- Your online resource for technical and financial assistance, licensing and permitting requirements along with news articles and upcoming events.
- A comprehensive list of additional state, federal county and local small business related resources along with contact information.
- A simplified search process allowing the user to access the many resources available via the web for an improved response time by state government.

IDED continues to work with other agencies to supplement the licensing information, making it the most up-to-date resource for the state compliance requirements.

The Iowa Small Business Assistance Gateway is available when you need it, on your schedule - it can be accessed at www.iowa.gov/business 24-hours a day, seven days a week.

If you would prefer to have assistance consultations, you can call 1.800.532.1216 during regular business hours (8:00 a.m. - 4:30 p.m. CST).
