

**AMENDMENT #10 TO STATE OF IOWA PLAN #1 FOR DISASTER RECOVERY
Utilizing Funding from the Supplemental Appropriations Act (Public Law 110-252), 2008**

The purpose of this amendment is to reallocate funds within the Action Plan 1 budget, recognizing the fulfillment or decreased needs for several activities while responding to additional needs beyond the current allocation for the new housing production activity. The loss of nearly 2500 housing units statewide through the voluntary acquisition program created needs for both single family and multi-family production. Nearly 40% of the single family homes bought out were rental properties.
