

**AMENDMENT #9 TO STATE OF IOWA PLAN #1 FOR DISASTER RECOVERY
Utilizing Funding from the Supplemental Appropriations Act (Public Law 110-252), 2008**

The purpose of this amendment is to reallocate funds within the Action Plan 1 budget, recognizing the fulfillment or decreased needs for several activities while responding to additional needs beyond the current allocations for the new housing production activity and housing repair/rehab. The loss of nearly 2500 housing units statewide through the voluntary acquisition program created needs for both single family and multi-family production. Nearly 40% of the single family homes bought out were rental properties.
