

Members of the Iowa Clean Cities Coalition

The following organizations have demonstrated that the mission and activities of the Clean Cities program are complimentary to some or all of their goals or activities. Iowa Clean Cities Coalition (ICCC) seeks to have its members reflect the leaders of petroleum reduction and/or alternative fuels in Iowa, as well as organizations with a sustained interest in this area. Membership in Iowa Clean Cities is not an endorsement of a product or service. ICCC began accepting formal applications for membership in December 2015. Membership is anticipated to grow and this list will be updated regularly.
