Upon creation of a tax increment district, the assessment base is frozen and the same amount of the tax revenue collected just prior to the creation of the district is segregated in a separate fund for the benefit of each taxing jurisdiction. The increased taxes generated by any development that takes place in the tax increment district after the TIF establishment date is placed in a special fund to pay the indebtedness incurred by the City in furtherance of an urban renewal project. Once such indebtedness is retired, the taxing jurisdictions may collect its proportionate share of the increased tax revenue generated from the district.

Such bonds are payable from the levy of taxes on all taxable property within the City of Coralville.

C. Proposed Amount of Indebtedness

At this time the extent of improvements and new development within the District is only generally known. At such, the amount and duration of use of the tax increment revenues for public improvements and or private development can only be estimated. The actual use and amount of tax increment revenues to be used by the City of District activities will be determined at the time specific development is proposed.

It is anticipated that the maximum amount of indebtedness, including principal, interest and City advances, which will qualify for tax increment revenue reimbursement during the duration of this Plan, including acquisition, public improvements and private development assistance, will not exceed $50,000,000.00.

At the time of adoption of the Plan, the City of Coralville’s current general obligation debt is listed on Attachment E, attached hereto and incorporated by this reference.

Chapter 403 of the Code of Iowa, and is hereby designated Amendment No. 1 to the Mall Urban Renewal Area and Amendment No. 4 to the Highway 6 Urban Renewal Area.

Section 2. The development of this property is necessary in the interest of the public health, safety or welfare of the residents of the City of Coralville, Iowa.

Section 3. Amendment No. 1 to the urban renewal plan for the Mall Urban Renewal Area and Amendment No. 4 to the urban renewal plan for the Highway 6 Urban Renewal Area, both of which incorporate the property shown on Exhibit A hereto, and both of which are attached hereto and made a part hereof, are hereby in all respects approved, and, because the addition of this property to the Mall Urban Renewal Area and to the Highway 6 Urban Renewal Area makes those two urban renewal areas contiguous, the City Council hereby declares that the Mall Urban Renewal Area and the Highway 6 Urban Renewal Area are hereby consolidated into one urban renewal area, to be known and acknowledged after the adoption of this Resolution as the Mall and Highway 6 Urban Renewal Area.

Section 4. All resolutions or parts thereof in conflict herewith are hereby repealed, to the extent of such conflict.

Passed and approved January 8, 2002.
